

DAVID - SHEPHERD AND KING

Five smooth stones from the cool, clear brook....

This is all the shepherd David took

to kill Goliath, who was twice his size

The first stone hit him right between the eyes!

The stone sank in and Goliath fell dead!

Then David boldly cut off his head!

He then went on to be a much-loved King

Played the harp and wrote so many psalms we sing.....

Although he was a King, he was still a man

He did wrong things like any of us can.....

But he prayed to God, sorry from his heart....

And God forgave and gave a brand-new start!
